

Short CV – Kerstin Geitner

Degrees

- MSc (Biology and Geography) Roskilde University, Denmark (2005).

Positions

- GIS Coordinator, DTU Aqua, Technical university of Denmark (2001-present).
- Employment, Informi GIS (Danish distributor of ESRI software) in the department for education and customer support as well as in the department for software development (1997-2001).

Short description of expertise

My work expertise is very broad, with ArcGIS as my daily working tool. I support many different research projects with analysis in GIS; it may be about network analysis, GIS raster, vector analysis and 3D GIS. It is part of my job to keep track of our GIS data collection, produce maps for researchers and help with software installation. If needed, I organize workshops and job training for my colleagues. My background in marine biology helps me a lot to understand the data that I am working with which makes coming up with ideas for new analysis and quality control easier.

Memberships of committees, work groups etc., 2011-present

ICES Working Group Marine Habitat Mapping (2004-present).

Collaboration with stakeholders, 2011-present

- EU FP7: Monitoring and Evaluation of Spatially Managed Areas (MESMA).
- EU FP7: Interaction in Coastal Waters: A Roadmap to sustainable integration of aquaculture and fisheries (COEXIST).
- EU FP7: Vectors of Change in Oceans and Seas Marine Life, Impact on Economic Sectors (VECTORS).
- EU FP6: Science and Policy Integration for Coastal System Assessment (SPICOSA).
